INJURED WALLER'S CASE

Ill-Advised Efforts of the Ex-Consul's Friends in This City.

Sensational Reports Sent From Here to France Have Three Times Prevented His Release.

"The change in the French ministry may perhaps delay an adjustment of the Waller case," said a well-informed official this morning, "but it cannot affect the interests of the Waller case, which are purely and prejudicially as the ill-advised efforts of his friends here have done."

"Twice Ambassador Eustis has had the matter on the point of conclusion, and an order for Waller's release has been at least, been on its way for official certification. On each occasion publications in New York sensational papers translated into the Courrier des Etats Unis, cable to Paris, and republished in the French newspapers, have caused a setback."

"It is impossible for anyone here not familiar with French politics to understand by how feeble a tenure a French ministry holds office. This has just been illustrated by the fall of the Ribot Cabinet without a single vote of warning. A French ministry is always tottering, and the slightest disturbance of its equilibrium will topple it over."

"Nothing touches the French so quickly as a question of national pride. The mere suggestion that the United States was dissatisfied with the tone representations of Mr. Eustis and proposed to take vigorous measures for Waller's release (utterly unfounded though that suggestion was) being cabled to France immediately closed the door to all prompt measures for Waller's release."

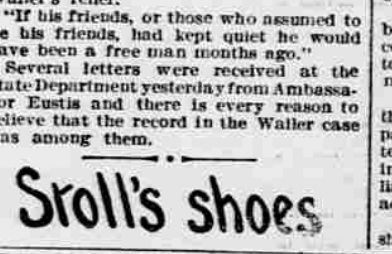

"If his friends, or those who assumed to be his friends, had kept quiet he would have been a free man months ago."

Several letters were received at the State Department yesterday from Ambassador Eustis and there is every reason to believe that the record in the Waller case was among them.

THE ADVISED SPARKING

Judge Kimball Starts One Whipping Post in a Family.

TWO LADS TO BE THRASHED

Merchant Nash Was Not Allowed to Plead Ignorance of the Law Against Street Obstructions—His Honor Excoriated Two Men Arrested on Suspicion—Dock Was Crowded.

"It's got to be colder weather than this when we fail to get a quorum in the dock," said Prosecutor Fugh, in Judge Kimball's court this morning. He was right. Neither the frosty air, nor the wholesome fear of a possible whipping post served to deter many from getting drunk and arrested last night, and there was quite a percentage of the dusky population of the city in the dock this morning.

Eight of them were disposed of in a bunch. Edward Johnson, Sam Marrow, Martha Marrow, Edward Brown, Anos Brown, Joseph Hall, John Harris and "Bootsie" Harris were arrested by Third precinct alley by Policemen Guinan and Hanley, and all pleaded not guilty to a charge of disorderly conduct.

"Your honor, this Edward Brown's sister has gone to Joe Hall's house to get her brother out of the crowd, and they had some words," said the officer. "It would up in the whole crowd going out in the alley and having a regular street battle."

Mary Brown, the sister, testified that when she went to look for her brother Joe Hall and a man named Anos Brown started the fight that culminated in the arrest of the crowd.

"Joe Hall and Anos Brown may have thirty days," said Judge Kimball. "The rest are dismissed."

TINY COLORED BOYS.

Policeman Harrover was the officer in the case of Samuel Gaines and James Nightingale, two very tiny colored boys, who were charged with setting fire to a pile of leaves in the street. Lawyer Martin pleaded not guilty for the pair of urchins, saying that they were simply there with other boys, and not in the act of setting fire to the leaves, as charged.

"Here's one of the cases where the whipping post might be started at once," said Mr. Martin. "Instead of bringing those kids here they should have been taken to their homes and soundly thrashed."

"That's just what I want done," declared Judge Kimball. "Where are the parents of these boys?"

"The mother of one of the grandfathers of the other stepped forward and promised to see that the youngsters got what his honor suggested. The eye of the old man flashed so ominously that Samuel, his particular charge, looked very much frightened and began to weep. They were very glad to get out of court, though, and skipped away early after giving their personal bonds not to repeat the offense."

James Nash, a merchant of southeast Washington, was charged with occupying public space, and pleaded not guilty. The officer testified that he displayed his goods on the pavement in front of his store fully twelve feet from the building line, and failed to remove them after being twice notified to do so.

NO EXCUSE FOR HIM.

"You're not reading the papers, I presume, and know what the police all over the city are doing to release him," said the officer. "There's no excuse for your violating the law, and you will have to pay a fine of \$5."

"I found these men in an alleyway at No. 208 New Jersey avenue," said the policeman. "They said they stopped in there to get a drink and knew the place. They were arrested by Policemen Hayes, of the Sixth precinct, and charged with being suspicious characters."

"Oh, it's only a little trick of mine," he said. "I'm full of tricks."

"I told him it was no trick for me to chase him a square, and locked them both up."

Young took the stand and stated that he had been living in that neighborhood and were both workingmen.

"We simply stopped in that alley way to talk to the colored kid, your honor," he said. "I took no part in the matter, and we had just gotten in when the officer got us."

"Do you know the lady of the house?" "Yes, sir, but I don't know her name."

"Well, I don't think your explanation merits matters, said the court. "The idea of two men like you being found in such a place, it's disgraceful."

After a few more comments of like nature, the court ordered that their personal bonds be forfeited.

BROUGHT INTO COURT.

Henry Spencer, who was tried on July 8 and fined \$5, was brought into court on an indictment for failing to appear on the next day and pay the fine.

He pleaded illness, but the court thought he had had sufficient time in which to be sick and raise the money, both, so he was sent back to serve out his term.

The case against Bernard E. Brady, the boy arrested last night on a warrant for involuntary manslaughter, sworn out by his father, as told in to-day's Morning Times, was dismissed by Judge Miller.

George H. Jarboe, the former agent for the Washington City Benefit Insurance Company, who was arrested yesterday by Detective Frank Hean on a warrant charging him with perjury, was given a preliminary hearing and held to await the action of the grand jury in \$1,000 bonds.

Al. Reeves, proprietor of a big variety show, will be tried in the police court to-

ISSUED THE MANDATE.

Secretary Carlisle Must Examine the Accounts of C. C. Waters.

Judge Bradley, of the supreme court of the District, to-day issued a mandate against John O. Carlisle, Secretary of the Treasury, compelling him to examine accounts for services rendered by Charles C. Waters, of Arkansas, in certain internal revenue cases.

The facts in the case involved a nice question in Departmental jurisprudence. Judge Bradley's decision to-day breaks down a uniform construction in similar cases, it is claimed. An appeal will doubtless be noted by Mr. Whitney, Assistant Attorney General, who defended the Government's case.

DR. TALMAGE'S RESIDENCE.

Mrs. Cole Exchanges Her House in This City for His Brooklyn Property.

Dr. T. D. Talmage has bought the property No. 1400 Massachusetts avenue. In the transaction Dr. Talmage turns over to Mrs. Cole his late Brooklyn residence.

Mrs. Cole, from whom Dr. Talmage has made his purchase, is the sister of Gen. Horatio King, of Brooklyn, who is the Democratic nominee for secretary of state in New York, and is a particular friend of Dr. Talmage.

The annex to the property Dr. Talmage has bought has been occupied for the past two years by the residence of the late Secretary of the Treasury Department. The entire property was formerly occupied by the Spanish minister.

Tried to Burn a Woodyard.

An attempt was made last night to burn the wood and coal office of J. M. Barry, 100 F street north-west, by setting fire to a pile of lumber in the yard.

The fire was discovered about 8:30 o'clock by a citizen, and, with the assistance of the watchman, it was extinguished without calling out the fire department. Although the damage was slight, had it not been for the timely discovery it might have resulted in a serious conflagration.
